

Southbourne Parish Council
Community Connections

Coronavirus

In response to the coronavirus (covid-19) situation
Southbourne Parish Council is launching

Community Connections

This is an initiative to connect people in Southbourne who need assistance with those who are willing and able to help.

Do you need help with purchases, post, prescriptions or pets? We can put you in touch with a volunteer from your neighbourhood who will be able to help you with these kinds of tasks.

Alternatively, do you have time, are you fit, would you like to volunteer to help people who live nearby?

Please email us at
covid19@southbourne-pc.gov.uk
to tell us if you need help or can offer help.

If you are unable to use email, please ask a friend or relative to email on your behalf or contact us by telephone on **07310 072674** between 10.00 am and 6.00 pm
